Party Line Band

Is a fun loving band good ol' rock n roll band influenced by those great Classic Rock songs, Southern Rock and a touch of country.

The hard working 5 piece rock band was established in 2009 in the Northwest Arkansas city of Rogers.

The band is comprised of Carrie (Vocals and percussion) Brian (Bass), Shannon (Drums), David (Lead Guitar and vocals), and Tom (Rhythm guitar and keys).

Together they use their passion for music to create a classic sound featuring the songs that many grew up with danced to or even listened to in the back seat of their parents and grandparents car.

In the Spring of 2009, the original members of the band laid the foundation of what was to become Party Line and has continued to evolve into the band they are today.

Along the way, each new member added something special to the mix needed to become the band we were working to be and allowed us to move to the next level of live music in the very competitive music market of Northwest Arkansas!

Working hard on new songs for gigs, each put in hours of practice in order to bring those skills to rehearsals each week to blend them together as one.

With influences from the Beatles, Rolling stones, Marshall Tucker, Lynyrd Skynyrd, Tom Petty, The Who, Joan Jett, Fleetwood Mac, and Creedence Clearwater Revival, Party Line plays shows that bring back memories for fans of all ages.

Party Line plays an interactive show, with audience participation, stories behind the music and other fun aspects.

Party Line's sound covers hard driving rock sounds like "I Love Rock and Roll" to classics from the Eagles to slow mellow bluesy tunes like "Tennessee Whiskey".

When you experience a Party Line show, you become part of the overall experience!

Carrie joined Party Line in 2011. Her love of music was first influenced by her father. He had a dance band in the 1970s. Her earliest memories were going to bed at night with the bedroom door rattling while her dad's band practiced in the living room.

Her influences include Bonnie Raitt, Melissa Ethridge, Janis Joplin, Sheryl Crow, Pink, Etta James, Stevie Nicks, Shania Twain, Pat Benetar, Natasha Bedingfield, Nichole Nordeman, and Christina Aguilera and groups like INXS, Heart and Bon Jovi.

Don is a vocalist, guitarist, as well as multi-keyboardist. He has played in a number of bands over his career spanning more than a half century.

In 2023, he rejoined Party Line to play lead guitar and vocals as well as some keyboards.

Besides playing over 3,500 events he has owned a sound and light company in Houston.

Chris is a native of Northwest Arkansas. He's semi retired and works his dream job as the drum guy at Arkansas Musicworks. He looks at himself as a timekeeper more than a drummer. His passion is music and being with his fiancée and son.

Growing up in Cleveland, Ohio enabled Tom to have access to major groups, concerts, musicians and musical opportunities during the birth of Rock and Roll.

Groups like the Beatles, Beach Boys, Eagles, music from the Summer Of Love and Woodstock in the Cleveland area and helped form the musical background he now possesses.

Michael Young's musical ambitions began at a young age when he learned playing piano at the age of 6. He continued on with his musical aspirations when he played in the Central Junior High band and Springdale High School.

He was an All-State Saxophonist three times and was awarded a music scholarship to attend the University of Arkansas, studying music, and was a proud member of the Marching Razorback Band from 1999 to 2000. His career path took a turn after the events that led up to September 11th, 2001.
