Party Line Band

Is a fun loving band good ol' rock n roll band influenced by those great Classic Rock songs, Southern Rock and a touch of country.

The hard working 5 piece rock band was established in 2009 in the Northwest Arkansas city of Rogers.

The band is comprised of Carrie (Vocals and percussion), Joe (Lead Guitar and Vocals), Russ (Bass), Chris (Drums), and Tom (Rhythm guitar and keys).

Together they use their passion for music to create a classic sound featuring the songs that many grew up with danced to or even listened to in the back seat of their parents and grandparents car.

In the Spring of 2009, the original members of the band laid the foundation of what was to become Party Line and has continued to evolve into the band they are today.

Along the way, each new member added something special to the mix needed to become the band we were working to be and allowed us to move to the next level of live music in the very competitive music market of Northwest Arkansas!

Working hard on new songs for gigs, each put in hours of practice in order to bring those skills to rehearsals each week to blend them together as one.

With influences from the Beatles, Rolling stones, Marshall Tucker, Lynyrd Skynyrd, Tom Petty, The Who, Joan Jett, Fleetwood Mac, and Creedence Clearwater Revival, Party Line plays shows the bring back memories for fans of all ages.

Party Line plays an interactive show, with audience participation, stories behind the music and other fun aspects.

Party Line's sound covers hard driving rock sounds Like "I Love Rock and Roll" to classics from the Eagles to slow mellow bluesy tunes like "Tennessee Whiskey".

When you experience a Party Line show, you become part of the overall experience!

Carrie joined Party Line in 2011. Her love of music was first influenced by her father. He had a dance band in the 1970s. Her earliest memories were going to bed at night with the bedroom door rattling while her dad's band practiced in the living room.

Her influences include Bonnie Raitt, Melissa Ethridge, Janis Joplin, Sheryl Crow, Pink, Etta James, Stevie Nicks. Shania Twain, Pat Benetar, Natasha Bedingfield, Nichole Nordeman, and Christina Aguilera and groups like INXS, Heart and Bon Jovi.

Born and raised in Ft. Smith, Arkansas, Joe has been a part of the music scene for over five decades.

Over the years he has performed with acts such as a young Carrie Underwood as well as opening for Doug Stone and Ronnie Milsap.

Influences include Larry Carlton, Eric Clapton, Billy Gibbons, Steve Lukather, and Brian May.

Born in Bedford, Texas, Chris started playing music in middle school where he played Saxophone and drummed as a hobby. He is married with 2 children.

He moved to Bella Vista, AR in 2018 where his love for music was resparked with his family and joined the band in 2024!

Growing up in Cleveland, Ohio enabled Tom to have access to major groups, concerts, musicians and musical opportunities during the birth of Rock and Roll.

Groups like the Beatles, Beach Boys, Eagles, music from the Summer Of Love and Woodstock in the Cleveland area and helped form the musical background he now possesses.

Russ has been playing music for more than six decades, which means he's been making noise since before some of his guitars were even invented. Born and raised in Arkansas, Russ proudly describes himself as a **rocking hillbilly**—and he has the musical credentials to back it up!

Russ's musical tastes cover everything from **bluegrass and folk to alternative Christian rock**. He plays guitar, bass, dobro, and pedal steel guitar, proving that one instrument was apparently just not enough to keep him out of trouble.
